

Outokumpu Stainless Tubular Products, Ltd.  
180 Laurier Blvd.  
Brockville, ON K6V5T7  
Canada

**Manufacturer's Approval**  
Order-No.: DS 809113

Munich, 2009-04-09  
IS-ATA6-MUC/si

**MANUFACTURER'S APPROVAL**  
**PURSUANT TO AD 2000-MERKBLATT W 0 / TRD 100**

1. We hereby confirm that, with respect to the scope of approval listed in the annex, the manufacturer's qualification pursuant to AD 2000-Merkblatt W 0 has been fulfilled.
2. According to our Report No. DS 809113-001, dated December 10<sup>th</sup> 2008, Outokumpu Stainless Tubular Products, Ltd. has the following:
  - 2.1 Equipment and capability which allows state of the art production and testing in accordance with applicable requirements.
  - 2.2 Quality system program safeguarding the handling and processing of materials for the products listed in the annex.
  - 2.3 Qualified personnel for supervision and testing, including works inspectors.
3. Outokumpu Stainless Tubular Products, Ltd. is obligated to notify the TÜV expert of any substantial changes or alterations regarding the expanding of the scope of approval, employment of new production processes and changes in supervisory personnel and works inspectors. This may require a new facility audit.
4. This accreditation expires **December 2011** and is subject to the provisions of the agreement set fourth in the application. The validity may be extended upon request. The TÜV Inspector is entitled to verify compliance with the requirements in case of doubt at any time. The costs for such audits will be charged to Outokumpu Stainless Tubular Products, Ltd. account.
5. Note: For nondestructive tests the last relating "Report for nondestructive examinations" is valid.  
The remarks in chapter 7.6 of report DS 809113-001 dated December 10<sup>th</sup> 2008 have to be followed.
